All,

After talking with everyone involved here, we are shooting for June 15th as the day of data delivery to you. If that will not work, let me know and we can see if there is anything else we can do to speed the process along.

Hello Jesse - we have had a request from HQ to get an idea of when lab results for samples collected during the April Pavillion, WY sampling would be received. The LSR number is 1204003 for SVOcs, VOCs, low-DRO, and low-GRO.

Please send an estimate to Dave Jewett and cc Dom and me. Thanks Jesse.

Rick
